

# Or So It Seems ... The Stupid Minivan - Collectors Edition: More Tales of Midlife Madness

This is the collectors edition - with more than two-dozen full color images that complement the stories. Robb Lightfoot lives in the country and has been fighting a losing battle against home repairs, misbehaving dogs, and his four children. He hates his minivan, but loves his leftovers. In fact, he'll eat them after they've turned green. He's an expert on how to avoid lawn care, become a soccer coach and other important topics, such as the best way to scream when a bat is trapped in your tent. Robb was the first to reveal the connection between the Mayan extinction and their secret fruitcake recipe etched into the background of their famous calendars. These 23 tales, illustrated with appropriate and child-safe images, are offered here for the first time as a collection.
