

Magic Formulas for All

A satirical look at contemporary British society and culture. The book comically applies mathematical formulas to everyday personal, social and working situations. Readers are encouraged to apply the formulas to their own situations and lives. With 250 pages of black and white text, photos and illustrations, the book contains over 70 easy-to-read formulas exploring life in the home, on holiday, at work, and in the big wide world. There is also a fantasy formula section, and some illustrated examples of formulas from well-known historical events....with lots of surprises! The author offers a handsome reward for anyone who can unlock a secret code running throughout the book. The book is also available in full colour as a download (in three separate parts). What the professionals in the publishing world said:- ...a fun, original and very interesting idea... ...a highly impressive presentation, incredibly well thought through.... ...quality of writing, originality of approach.... ...shows off your talent for writing, design and humour....
