

Steven Gerrard - My Captains Book Secrets Behind the Armband

This is Stevens insight into what qualities are needed to become a captain, how to lead by example, and how his journey as a player led to him wearing the armband for club and country for the very first time. He talks exclusively about his pride in being captain and what exactly that role involves on and off the pitch and inside the dressing room, and even inside the captains locker and kit-bag. He reveals ten great captain moments demonstrating how those leadership qualities have inspired his team-mates. Steven also talks about Jamie Carraghers role as a friend and vice-captain. He looks at other captains who have influenced him. Other top players and key people in the game around the world talk about Steven Gerrard as a captain and what makes him special. There is also a unique multiple choice challenge for readers to find out how much they are like Steven Gerrard and also an original game on how to win like a captain.
