

How to Import From China Starting With \$250 and Make a Small Fortune!

Learn how to import small quantities of items from China that can be sold profitably on Ebay, Amazon.com, and craigslist, as well as from your own site and locally. Start small and build up. This book is written for the beginner by someone who has done it. It includes the writer's method of mining the profitable gems from the tens of thousands of products available from the special China wholesale sites that he discloses to see what items have the potential to earn a profit from day one on Ebay. It includes the actual problems you will likely encounter, and how to avoid them. Follow his instructions to protect yourself from Chinese dealers that may try to scam you out of your hard earned investment. If you follow the steps outlined in this book, it is fairly easy and risk-free to get wholesale China items that you can sell for a profit on Ebay. It also includes the no-hassle method of getting import items through Customs, and how to avoid problems from duties and fees. Plus you learn how to get fast air-shipments from China at rock-bottom prices. Also included is a special section on the easy way to sell the same wholesale items on your own website, as well as the best method to get high rankings in Google by using the mini-authority site technique. Anyone can be an importer working from home at their computer. This book makes it easy by cutting through the misinformation and clearing up process. Many interesting stories and examples are included. Don't delay, check out this book today!
