

# Surviving The Threat: Terrorist Attacks, Mass Shootings, and Dangerous Situations

Do you know how to survive a violent attack? Surviving The Threat is a 21st-century reality guide that teaches you how to stay alive in life-threatening situations. The book's unique advantage is that it is based on an easy-to-learn three-step process called AIR, which has helped the author survive numerous lethal threats. We live in a time when a trip to the mall or a movie theater could bring you face-to-face with a mass shooting or terrorist attack. Incidents involving mass shootings, muggings, terrorist attacks, home invasions, and other attacks on the general public are no longer the exception. They are on the rise and becoming more violent and deadly. Real self-defense and survival skills are not reactive, they are proactive. Staying alive in a dangerous situation begins long before any physical confrontation takes place. Surviving The Threat tells you how using situational awareness can give you an advantage in dangerous situations, regardless of your physical ability or skill level. Surviving The Threat can help you to: Significantly reduce the chances of predators or criminals targeting you. Elude or overcome an active shooter. Survive a mass shooting or terrorist attack. Protect yourself against home invasions. Read this book and stay alive!
